# iconici si nasce

Proiettandoci nel futuro, abbiamo voluto anticipare le prossime tendenze del mondo della progettazione.

Ne è nata **Top Quality Collection J 20.20**, una collezione di 35 colori iconici selezionati per rimanere attuali nel tempo, perché perfettamente integrabili nell'ambiente circostante.

**Top Quality Collection J 20.20** si suddivide in 7 Elementi, che rappresentano altrettante sfaccettature del gusto. Ciascun Elemento comprende a sua volta 5 tonalità facilmente abbinabili tra loro.

**Top Quality Collection J 20.20** propone tinte pastello, finiture texturizzate, effetti metallizzati, questi ultimi tutti bonderizzati per migliorarne l'applicabilità, l'uniformità ed il risultato estetico.

Per le qualità delle vernici - certificate per esterno Qualicoat cl. 1 - e per la versatilità delle tinte, la collezione si presta alle applicazioni più disparate: pannelli, profili in alluminio, porte, illuminazione, complementi d'arredo, mobili da giardino.

## *born iconic*

*Looking ahead to the future, we have decided to anticipate forthcoming trends in the design sector. This has led to Top Quality Collection J 20.20, comprising 35 iconic colours that we have carefully selected for their timeless appeal and that harmoniously merge with all surroundings.*

*Top Quality Collection J 20.20 is divided into 7 Elements, representing the same number of facets of taste. Each Element consists of 5 easily matching colours.*

*Top Quality Collection J 20.20 is available in pastel colours, textured finishes and metallic effects.*

*The latter have all been bonderized to facilitate their application, evenness and aesthetic appeal. Thanks to the quality of coatings - with Qualicoat Class 1 certification for outdoor use - and to versatile colours, the collection is ideal for the broadest range of applications including: panels, aluminium profiles, doors, lighting, furnishing accessories and garden furniture.*

MOUNTAIN STREAM

BERING SEA

ATLANTIC ROUTES

BLACK SEA

OCEAN DEPTHS

into  
the deep

acqua

Il nostro viaggio parte dal blu profondo degli oceani. Attraversando correnti, fiumi, cascate, l'acqua acquista sfumature e riflessi inaspettati e sorprendenti. Una infinita fonte di vita, di creatività e di emozioni.

water

*We start our journey with the deep blue colour of the oceans.*

*Flowing as currents, rivers and waterfalls, water acquires different nuances and amazing unexpected reflections.*

*It is a perpetual source of life, creativity and emotions.*

NATURAL RUST

ANTIQUE RUST

FINE COPPER

BLASTED COPPER

MAGNETIC MINERAL

a hint  
of irony

metalli

Raffinati e versatili, gli effetti metallizzati nelle tonalità del ferro, del rame e della ruggine sono in grado di ricreare situazioni urbane suggestive ed avvolgenti, ideali per ambienti di design contemporaneo.

metals

*Attractive and charming surroundings with urban appeal can be created with the versatile and refined metallic effects of iron, copper and rust, perfectly fitting into contexts based on contemporary design.*

VIRGIN FOREST

# now and forever flora evergreen

Fra le innumerevoli tonalità della natura ne esistono alcune indiscutibilmente iconiche. Degli autentici sempreverdi, dai riflessi intensi, struggenti, evocativi di una natura incontaminata che non smette di stupire.

flora

*Nature offers an endless variety of colours, including some that are definitely iconic.*

*Here are real evergreens, showing the intense, moving and evocative reflections of uncontaminated nature, which never ceases to amaze.*

spazio

Se estendiamo i nostri orizzonti, là fuori c'è ancora molto da scoprire. Pianeti, stelle, galassie, ma anche bagliori e nuances imprevedibili, che intrecciansi formano abbinamenti perfetti anche sulla nostra piccola Terra.

space

*We still have so much to discover out there if we broaden our horizons. Planets, stars, galaxies, stunning glowing lights and nuances intertwine to create ideal combinations, even on our small Earth.*

than white

neve

Nelle popolazioni scandinave, il concetto di neve può essere declinato in molti modi, per descriverne la natura complessa e mutevole. Una ricchezza di luci e sfumature, che vi proponiamo in 5 eleganti variazioni.

snow

*The concept of snow, for Scandinavian people, can take on many different forms and shapes to express its complex and changing nature.*

*We offer you an extensive range of lights and nuances, with 5 elegant variations.*

to earth

terra

Le terre naturali possono assumere dominanti cromatiche assai differenti tra loro, ma sempre accomunate da un rassicurante senso di solidità e di sicurezza. Sarà per questo che alla fine si torna sempre coi piedi per terra.

s o i /

*Natural soils can acquire very different predominant colours that always share the same reassuring sense of solidity and security.*

*Perhaps that's why, in the end, we always have our feet on the ground.*

A photograph of a vast desert landscape featuring large, light-colored sand dunes. In the middle ground, several green palm trees stand on a small, sandy hill. The sky is clear and blue.

**Top Quality Collection J 20.20** è una gamma di vernici in polvere termoindurenti a base di resine poliestere carbossilate reticolate con indurenti atossici, esenti da metalli pesanti e da qualsiasi sostanza pericolosa, certificate Qualicoat Classe 1, specificatamente studiate per rispondere alle esigenze del settore dell'Architettura. Proprietà generali: eccellenti caratteristiche meccaniche, ottime resistenze alla corrosione e all'esposizione in ambienti esterni, eccellenti caratteristiche estetiche.

**Top Quality Collection J 20.20** is a range of carboxyl polyester resin-based thermo-setting powder coatings, which have been cross-linked with non-toxic hardeners free from heavy metals and harmful substances. The collection has obtained Qualicoat Class 1 certification and has been especially designed to meet the needs of the architecture sector. General properties: excellent mechanical characteristics, exceptional resistance to corrosion and exposure in outdoor environments, outstanding aesthetic appeal.
